DIARY NOTES

2 March 1960

DD/S

1. I talked to Bob Macy, Bureau of the Budget, about the special \$10 million in the Fiscal Year 1961 Budget and he has agreed to accept the Director's letter as previously written provided that we add a sentence saying in substance that when we reach the point where we have to make commitments we will talk the matter over with him. I also talked to [REDACTED] and I think that the commitments have, in fact, already been made. In any case I have drafted once again a proposed letter for the Director's signature and have sent it to Dick Bissell for his comment and concurrence. 25X1A

- b. He said that the overflight problem is placing a real strain on his people in the Far East and that each [REDACTED] who would not be required for normal operations.
- [REDACTED] 25X1C4a
- d. There is apparently some misunderstanding [REDACTED] in that they are not taking proper care of the household goods of Communications employees who transfer laterally. (I want to talk to [REDACTED] about this.) 25X1A6a

- e. He said that [REDACTED] was very anti-headquarters and was very outspoken about the matter. 25X1A6a
- f. He has a problem [REDACTED] as to whether to send people out for new tours of duty. He was told apparently by the Chief of Station that no one would be accepted for a new tour of duty in view of the uncertain future of the [REDACTED] I told him that I would call a meeting within a week to discuss this with the FE Division and the Offices of Communications and Training. I think that it will be necessary to promulgate some policy in writing for the information and guidance of all concerned. 25X1A6a
